

Project 6: Tracking Grantee Learning in the Arts and Education Leadership

Funder: The Wallace Foundation (contact: Bronwyn Bevan)

Advisor:

The foundation has received annual progress reports from grantees in two major areas:

1. Arts organizations founded by, for, and with communities of color
2. School districts implementing equity-centered principal pipelines.

We are seeking a research fellow who can code and analyze these reports (approximately 60 of them) to answer the questions:

- What strategies are grantees adopting towards meeting their goals and why?
- What challenges are they facing and how are they navigating them, and why?

We will use the results in our own internal sense-making about what is being learned in these two distinct initiatives.
